

Trigga.

A FairExchange

Trigga was born out of a desire to realise a fluid marketplace where fair exchange is non-negotiable.

We have successfully traded 100 000 pigs at a premium.

Join our growing tribe of forward thinking, Trailblazing pig producers by Signing Up a test load to benefit from our premium pricing.

We have live buyers offering a premium to market pricing for forward contracts. Now add pig futures to your maize and soya contracts, and the result?

A guaranteed profit.

Visit www.trigga.co.za to sign up for the latest price trends.
