

APPLICATION FOR FUNDING RESEARCH PROJECTS

Research and development objectives

SAPPO invites research applications that align with the objectives of the SAPPO constitution and the objectives of the Research and Development Committee. Research should aim to advance the South African Pork industry competitiveness and sustainable growth, enable SAPPO to intervene effectively in the Pork value chain, and/or improve sustainability practices at the farm level. The output of this research may be used to facilitate cooperation in the determination, formulation, and amendment of policies and applicable legislation or as training material in support of business development.

1. APPLICANT DETAILS

1.1 Principle researcher

Full name	
Country	
Research institution	
SACNASP registration	
Other professional registrations	
E-mail address	
Physical address	
Contact number	

1.2 Research team

Name & surname	
Details	
<i>Role of researcher</i>	
<i>Gender</i>	
<i>Race</i>	
<i>Institution</i>	
<i>Email address</i>	
<i>Contact number</i>	

Name & surname

<i>Email address</i>	
<i>Contact number</i>	

Please duplicate these tables for every member of the research team.

2. PROJECT DETAILS

2.1 Project title

--

2.2 SMME status of the primary targeted industry

--

2.3 Detailed project budget

Item	Funding requested from SAPPO	Funding from other sources

2.4 Bursary application

If funding is needed for the living expenses of a postgraduate student, please complete the additional projected budget below.

Item	Funding requested from SAPPO	Funding from other sources

2.5 Duration of the project (maximum 24 months)

--

2.6 Research focus

SAPPO Research focus areas*	Mark with X
Sustainable pig production & environmental impact	
Nutrient value of pork	
Business intelligence and value chain	
Pig production, nutrition & carcass quality	
One Health: antimicrobial resistance and food safety	
Precision livestock farming	
Managing pig diseases with economic impact	
Consumer sciences and behaviour	

* Please see the list of topics under each focus area, as identified by the industry

2.7 Project aim and objectives

State the project's overall aim and list clear objectives (max 100 words).

--

2.8 Motivation for the project

Provide a clear motivation for the need for the research and support with relevant literature. Explain how the research will impact the SA pork industry (max 500 words).

--

2.9 Main activities of the project

Describe the project that demonstrates the scientific approach, methodology, and activities to be conducted. Give sufficient information so that the proposed outcomes can be clearly understood. List the milestones the project should reach, covering **BOTH** quantitative and qualitative progress (max 500 words).

2.10 Relevance and alignment of the project with SAPPO objectives

Indicate how this project is aligned with the objectives of SAPPO. Indicate if this project complements other related ongoing research in the pork industry (max 500 words).

3. SUBMISSION

The SAPPO Research and Development Committee approves the application; as such, the Committee will not respond to appeals.

All applications are to be submitted electronically to Dr Thandi Chiappero:
thandi@sappo.org
